SUDDEN DEATH

OF A SUNNYSIDE FARMER.

Frank Thomas died suddenly on the Street last night.—Inquest held to-day.

The last call came suddenly to a farmer named Frank Thomas, in this city last night. About midnight the police were notified that a man was dead in the Gilmer block. They took charge of the body until this morning when an inquest was held. A coroner's jury was empanelled consisting of A. Brown, foreman, M. Brunelle, W. F. Hillier, W. B. Wills, J. J. Lee, and N. McAdam.

From the evidence produced it appears that the deceased had been in the employ of W. Bill at Sunnyside for upwards of a year past.

The two came to the city together. During the evening Thomas was in the Windsor Hotel. About 11.30 he went out and lay down on a seat upon the verandah. Here he was discovered shortly after by Bill and a couple of companions. Thomas appeared sick and they undertook to assist him to Beaudin's restaurant, not quite a block away. When the place was reached, however, the unfortunate man was found to be dead. Medical aid was summoned, but he was past rescue and the police were notified.

The jury adjourned at noon and will resume sitting in the city police court at 3 o'clock this afternoon.

Germany violates British Rights.

Bulletin Special.

London, April 5.—Foreign Secretary Lansdowne said Germany was violating British rights in the Pacific. "England will not allow the matter to drop."

Casualty in the Mountains

Bulletin Special.

Golden, B.C., April 5.—A falling rock wrecked a westbound freight in Bucking Horse Pass, killing Engineer Little, and severely injuring Fireman Dickie, both Revelstoke men.

Regina Stock Show.

Bulletin Special.

Regina, April 5.—The first stock show under the auspices of the territorial department of agriculture is being held here. Great interest is being taken in the event, as evidenced by the entries, which number as follows: Cattle 26, pigs 33, sheep 4. Besides the show there is to be a lot of papers read by prominent experts on matters affecting agricultural interests and a meeting of breeders to discuss the formation of a live stock association for the new province of Saskatchewan.

ROGERS TELLS STORY

OF CONFERENCE WITH SPARETTI

No Evidence that the Federal Government was aware of the Plan—Roblin must stay in power.

Bulletin Special

Winnipeg, April 4.—Something of a sensation was caused here tonight by the publication in the evening papers of the long-deferred statement by the Roblin Government regarding the course of Manitoba's boundary negotiations at Ottawa. The statement took the form of an interview with Hon. Rob. Rogers, who was explanatory as usual, but on this occasion he appears to have something to go on for he produced documentary evidence in support of his contention that the Roblin Government had not been in the capital and offered to secure the boundary extension demanded if Manitoba would modify her present school system in favor of the Roman Catholics. But, although the Conservatives are making a great deal out of the indiscretion of the Italian diplomat they have not produced a title of evidence directly connecting Premier Laurier or the Liberal Government with the plot. The provincial Government has been vowing about an early dissolution and an appeal to the people but that self-evident scheme to secure a new lease of power appears to have been effectually nipped by the refusal of the Lieutenant-Governor to permit anything of the kind. Meanwhile the official denial by Sir Wilfrid on the floor of the house of any connection with the plot is confidently expected tomorrow.

Telegraphic Briefs.

London, April 5th.—The Government sold 32 warships by auction today including 8 obsolete cruisers. They must not be sold to foreign powers. Lower, Miss. April 5th.—Father Fox formerly of Winnipeg is dead. He was an intimate friend of Chas. Dickens and Cardinals Manning and Newman.

Winnipeg, April 5th.—Last night the St. Boniface council took over the system of waterworks costing \$140,000.

Shoal Lake, April 5th.—Harpur's blacksmith shop was burned to the ground. The loss is \$11,000. No insurance.

Halifax, April 5th.—H. Johns of the defunct Bank of Yarmouth has been arrested for making false returns to the Government.

Montreal, April 5th.—Fifty police raided Chinese restaurants and arrested seventeen men and three girls.

Bridgport, Conn. April 5th.—Three men were blown to pieces in the Union Metallic Cartridge Co's works.

Marquette, Man. April 5th.—A large number of horses have been shot for glanders in this district.

Frankford, Ont. April 5th.—Bert Bowman of the Nelson Bank shot himself four times. He will die.

Winnipeg, April 5th.—That veteran of twenty-seven years service Staff Sergeant Walker brought Mrs. G. G. G. of Qu'Appelle to the Selkirk asylum Tuesday night.

WEDNESDAY, APRIL 5th, 1905.

Mr. Bulyea Satisfied

(From the Regina Standard)

Hon. G. H. V. Bulyea, commissioner of public works of the North-West Territories, has returned from the east, where he has been attending the conferences held with Sir Wilfrid Laurier and the members of the Cabinet, in connection with the Autonomy bills now before Parliament. When called upon by the Standard, Mr. Bulyea very kindly accorded us the privilege of an interview, and expressed his opinion on the bills.

Mr. Bulyea is firm in his belief that the bills will pass Parliament as they now stand. The western Liberal members have agreed to the compromise school clauses, and Hon. Clifford Sifton has again wheeled into line. These two facts have done much to convince the remaining members of Parliament that the present terms of the bill are the best which can be obtained, and for that reason many who were at first opposed, and who stood off with the Minister of the Interior, have now followed Sifton's leading, and will vote with Laurier. The bills will be supported by nearly a solid following of Liberals, and by ten or fifteen members of the Opposition, so that the Government will have a majority of between eighty and ninety.

"A statement of the revenue to be derived by the province, has been compiled," said Mr. Bulyea, "and I think it would interest your readers. Here it is:

"On an estimated population of 250,000, the revenue is to be—
Civil Government \$ 50,000
Debt Allowance 405,375
Capitation grant 200,000
In lieu of lands 375,000
Special grant for public buildings for five years . . . 93,750

\$1,124,125

"At 400,000 our revenue would be:

Civil Government \$ 50,000
Debt Allowance 405,375
Capitation grant 320,000
In lieu of lands 562,500

\$1,337,875

"And if we reach the 400,000 population before the expiry of five years, we are entitled to an additional \$23,375, which brings the total up to \$1,431,250.

"At \$800,000 of a population, our revenue would be:

Civil Government \$ 50,000
Debt Allowance 405,375
Capitation grant 640,000
In lieu of lands 750,000

\$1,845,375

"On reaching the maximum population at which our grants are received, 1,200,000, the amount received would be:

Civil Government \$ 50,000
Debt Allowance 405,375
Capitation grant 640,000
In lieu of lands 1,112,500

\$2,207,875

The above statement of revenue, as compared with the revenue of the provinces of Ontario, Quebec, Nova Scotia and New Brunswick, which administer their own lands and minerals will show that we are placed in a good financial position. The matter has been gone carefully into and taking the revenue in the older provinces since Confederation, the average amount received from federal sources, and from revenue derived from lands and minerals, it is practically the same as that we will receive.

"In these provinces practically all the revenue is derived from the timber, of which the west would have had practically none, if the lands were handed over. Our only source of revenue, therefore, would be to sell our lands, and this would diminish yearly until finally the lands would be entirely gone.

"The big advantage of these financial terms is that they last forever, and the provinces will have ample revenue placed to their credit, half-yearly in advance, from which to look after the development of the country, and meet all demands which are made on their treasury.

"British Columbia, which province had their natural resources handed over, has disposed of a good portion of them for revenue purposes, and is now practically compelled to resort to direct taxation in order to obtain sufficient money to carry on the government of the province, while on the contrary the new provinces have provided for them a yearly revenue of \$2,200,000, which should be ample to conduct the affairs, if ordinary economy is exercised by the local authorities.

"Besides the Dominion Government retaining the lands, it naturally devolves upon them to assume the responsibility of opening up and developing the country and railways will have to go to them for assistance. During the conferences, the members of the Federal Government agreed to assume this responsibility.

"Taking it as a whole, I think, particularly as the lands should be administered for immigration purposes, rather than for revenue, the bill should be satisfactory to the new provinces, and best for the welfare of Canada as a whole.

"As far as the two province idea is concerned, the feeling of the eastern people is entirely opposed to two provinces, and it is probable that the only alternative to the formation of two provinces would have been the extension of the boundaries of Manitoba to the westward, in regard to the effect this has on the financial terms, I do not think we would have received the same assistance for one province as we are receiving for the two."

"Did you object to the school clauses as first introduced?" asked the reporter.

"I certainly did," replied the commissioner. "As it appeared to interfere with the admirable law which we have now in force in the North-west Territories. It would have taken away from the new provinces the rights which we now exercise with both public and separate schools, to maintain a uniform system of inspection, the right to select school books, to decide the qualification of teachers, and the right to withhold from any school not coming up to the prescribed standard, provincial financial assistance.

"Under the new provisions which are accepted by Sifton and the Western Liberal members, the minority are guaranteed the right to establish separate schools, subject entirely to provincial control. This right is recognized by law or practice in every province in Canada, with the possible exception of British Columbia. Separate schools are not supposed to exist in Nova Scotia, New Brunswick, or Prince Edward Island, but as a matter of fact, by tacit consent, certain schools have come to be acknowledged and administered as Catholic schools, and as Mr. Fielding showed, those of Halifax have been tolerated by the Government for years.

"Of my own knowledge the same situation exists in the province of New Brunswick, so that we are simply legalizing, as it were, the right of the minority to separate schools, but are providing that they must be maintained by the taxes of that minority, while in the other provinces the whole taxes are pooled.

"For instance if the Catholics in Regina, want a separate school, their taxes amount to 7-1-3 mills on the dollar, as compared with the general rate of 22 mills of which the public school pays 7-1-10, so I do not see anyone injured by the existence of a separate school. I think the position taken by the Calgary Herald, in a recent issue will about present the feeling of the people of the west on this question, particularly as every western man who has spoken on this question has expressed the opinion that if these rights are left with the local legislature the school law as it now exists would be reenacted.

"Mr. Bulyea was unable to say anything in regard to the probable Premiers of the new provinces, as that matter had never come up for discussion and in fact the selection of premiers for the provinces would be entirely the prerogative of the Lieutenant-Governors to be appointed for Alberta and Saskatchewan on July first.

Ross Bros. Ltd

TIME TO GET BUSY.
House Cleaning Time Will
Soon Be Here.

You will want Paint, Varnish, Furniture Polish, Wall Colors and Brushes.

Ross Bros., Limited, have the best assortment of these Goods to be found in any store west of Winnipeg, and you will be surprised to find how simple it is to apply these goods if properly selected.

ROSS BROS. buy direct from the Manufacturers, and their long experience in the paint business enables them to choose what is best in material, and simplest in application.

There are so many times that a lady wants to do a little touching up in a room or on a piece of Furniture, but does not want to go to the trouble, or expense of engaging a painter. Any man, woman, or child can do a good job with our ready mixed paints, and if you need any directions it is no trouble for Ross Bros. to give all the information necessary. New and fresh paints arriving almost daily.

THEY SELL AN IMMENSE QUANTITY in a season and the continual turnover always WARRANTS FRESH GOODS, which is a very ESSENTIAL THING in good READY MIXED PAINTS AND VARNISHES. Many smaller concerns will say their goods are just as good and fresh, but use your own judgment in this, and common sense will show you the difference.

To those who expect to want wire fence this season, Ross Bros. would like to call attention to the "LAMB WOVEN WIRE FENCE."

Many people will think that one wire fence is as good as another, but there are many reasons why some Woven Fences are better than others. The LAMB FENCE has a lock or fastening peculiarly its own. It is made from the best Galvanized Carbon Wire. Provision is made for the contraction and expansion, and it does not sag or buckle which is so annoying in a great many fences. The wires are heavy and strong, and are made to withstand the pressure or attacks of the largest animals, and any man can stretch it into place. It is kept in 20, 30 and 40 rod rolls, in heights of 24 inches, 30 inches and 32 inches, sold in Edmonton only by

Ross Bros. Ltd

HOSPITAL DONATIONS.

Following were the donations to the Edmonton public hospital during March:

Magazines, Mrs. J. F. Forbes.
Box fresh eggs, ladies of the Sturgeon District per Mrs. Rickard.
Cake, Mrs. Fred Ross.
Case apples, Hallier and Aldridge.
Two jars fruit, Mrs. Fife.
Magazines and underclothing for patients, Mrs. E. C. Emery.
Jar fruit, Mrs. N. Stewart.
Sweet cream, J. Johnston.
Pair Flannelette night dresses, Mrs. E. W. Day.
Cake, Mrs. Looby.
Two electric lamps, A. W. Ormsby.

WILL REGULATE DAIRIES.

The by-law committee made the following recommendation last evening to as a basis on which to frame the by-law asked for by the dairymen:

- 1 That the license fee be regulated at an amount per cow.
- 2 Persons keeping one cow for family use shall not be deemed a vendor of milk if they dispose of the surplus.
- 3 That a competent veterinary surgeon be appointed inspector.
- 4 That stables, dairy premises, pens for carrying milk &c. be kept sanitary and clean and be inspected regularly.
- 5 That samples of milk be tested regularly and imposing penalties for adulteration or uncleanness.

WANT GOOD SALARIES PAID.

At a meeting of the council of the Calgary board of trade last night the following resolution was unanimously passed:

"Whereas it is of the utmost importance that the very best talent should be attracted to the public service of the new province of Alberta and whereas the salaries now paid the members of the Territorial Government are totally inadequate, therefore, be it resolved that in the opinion of the Calgary board of trade the Premier of Alberta should be paid \$7,000 a year and other ministers not less than \$5,000 per annum and that copies of this resolution be sent to the press, to all boards of trade throughout Canada, members of the Legislature Assembly within the proposed province.

The Southern Coal Output.

Baltimore Times:—A review of the coal output of the district for the past year is rather disappointing and will not even compare favorably with that of two years ago when we claimed to be but just developing our mines. Little has been little better than stationary; Frank has shown a decided falling off; Byron Creek and Elmore like Lubrock have cut practically no figure and but for the opening of the new mines at Bellevue and Coleman the output of the district would be insignificant. In the face of our decreased output the cry of the lack of a market sounds most absurd, for surely there is more coal used now than two years ago, and sounds more like excuses made by operators who having promised their stockholders a larger output find themselves unable to produce it. The Coleman mine which had just reached a position of the largest shipper when it was involved in the late strike is again in a position to reach its old position while Bellevue will make a hard fight for the second place on the list. It is to be hoped that this year will see our old mines increase their outputs and that more new shippers will be added to the list if this district hopes to become prominent in the coal mining world.

PRICES OF LAND IN CANADA.

To the Editor of the Northern Whig, Sir:—Would you allow me to correct an erroneous impression conveyed in your issue of March 8, which may have serious consequences to persons proposing to take up land in the Edmonton District, Northwest Territories, under the heading, "Canadian Affairs." Mr. Mackenzie, the mayor of Edmonton, is quoted as stating that unimproved land twelve miles from town is sold at \$25 per acre. This will suggest to settlers that land there is sold at a high price, and they may thus be deterred from going to the most attractive and most fertile part of Canada. If an owner puts such a price on such land, it is because he does not wish to sell. I am in a position to state that first-class cultivated land, with fences and suitable buildings, at that distance from town, is offered at five dollars per acre less, and this is considered its full market value. Desirable unimproved land about twelve miles from Edmonton, and close to the site of the Canadian Northern can be purchased on easy terms at less than ten dollars per acre. At seven miles from Edmonton some of the best land can be got for fourteen dollars per acre, and sales have recently been made of improved land about eight miles from Edmonton, with suitable buildings, at twelve dollars per acre. I live in Edmonton, and know the prices even better than Mayor Mackenzie, I think. Yours, etc., HENRY GILBERT.

NEW POST OFFICES.

The following new Alberta post offices were opened for business on Saturday last.

Hastings Coulee, sec. 23-41-16 W. 4th, Strathcona, Alta. Bonj. K. Grove postmaster. Served from Wetaskiwin. Nearest money order office Duhamel.

Breage, sec. 36-50-6 W. 4th, Strathcona, Alta. M. A. Brimacombe, postmaster. Served from Saskatoon. Nearest money order office Lloydminster.

Blackfoot Hills, sec. 2-50-2 W. 4th, Strathcona, Alta. G. L. Prescott, postmaster. Served from Saskatoon. Nearest money order office Lloydminster.

Mannville, sec. 22-50-9 W. 4th, Strathcona, Alta. D. B. McLean, postmaster. Served from Edmonton. Nearest money order office Fort Saskatchewan.

Westward Ho, sec. 28-32-4 W. 5th, Calgary, Alta. E. A. Wheatcroft postmaster. Served from Olds. Nearest money order office, Olds.

The office at Anthracite has been closed.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application, to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, he a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land and he has been in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry. Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. CORY, Deputy Minister of the Interior.

N. B.—In addition to Free Grant Lands to which the regulations above stated, refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

WHAT COSTS MOST

WHOLE lot of people fancy the cigar business is a snap! They figure out that all you need is some cases of tobacco, a few cigar makers, and the name of some stage favorite or prominent man.

The quality of the filler does not interest them at all—the binder is beneath their notice—but the wrapper and the name is all important.

They can sell this kind of cigar at \$55.00 a thousand, give a gold watch into the bargain, and then make a good size profit.

The principal cost of Pharoahs is in tobacco—I buy the best filler in the world—a Cuban leaf—one I select myself from the best of the Manicouaga district, in the Province of Santa Clara—a Connecticut broad leaf as binder, the most expensive in the world—and I import a clear leaf Sumatra from Holland as wrapper.

I secure by this means a superb cigar, a fragrant, even smoker—very palatable—very superior to the ordinary run of cigars.

THE CITY COUNCIL

HELD A MEETING LAST NIGHT

Suggested New Pound By-law.

Busses will be Licensed.—Proposed Sidewalks

The city council met in regular session in the chamber last evening. Mayor MacKenzie presiding and Ald. Clark, Fraser, Griesbach, Picard, Bellamy and Boyle present. The minutes of the preceding regular and special meetings were read and adopted.

COMMUNICATIONS

The Alberta German Herald Publishing Co. wrote re: German immigration pamphlet being issued by them and offering to sell numbers of these to the city at \$20 per 1,000. The letter was handed to the board of trade to be dealt with, explanations to be made to the writer that all immigration advertising is to now be handled by that body.

A letter from the secretary of the board of trade was left to be dealt with when the commissioners' report was presented regarding an exhibit at the New Westminster fair.

A communication from J. R. Brenton re the pound was left to be dealt with in connection with the report of the by-law committee.

No petitions were presented. The by-law committee reported suggesting that the old pound by-law be repealed and a new one enacted on lines laid down in that report.

The same committee reported that they did not favor the request of the liverymen for further protection. The report was amended suggesting a by-law to license busses and other vehicles used for the conveyance of passengers.

The committee recommended that the dairy business be licensed and that a by-law be prepared along certain lines laid down. The report was adopted.

The same committee reported that the city by-laws be consolidated and printed in book form. Adopted. The market committee reported having met the committee of farmers interested and that the latter favored Saturday as a market day. The committee recommended also that sidewalks be built around the market square for the convenience of the public. Ald. Boyd thought Saturday a bad day and suggested Thursday. The report was adopted as read.

COMMISSIONERS' REPORT

That the question of sending an exhibit to the Dominion fair be left to the board of trade. Adopted.

That a watermain be laid along Ninth street from Victoria avenue to McKenzie avenue. Adopted.

That the city is not liable for the damage done the boiler in the Bank of Montreal building. This opinion was confirmed by the city solicitor. Adopted.

That it is not customary for the water tower to become empty daily and that the engineer had been instructed to prevent this recurring. Adopted.

That a system be fixed on for the pay of city employees as per attached schedule. A list of the salaries now paid was added. The secretary was instructed to supply each alderman with a copy of the report which was laid on the table in the meantime.

NEW SIDEWALKS PROJECTED

The commissioners also reported as follows re sidewalks:—

That a six foot plank sidewalk be built along 12th street from Jasper avenue to Victoria avenue. The estimated cost is \$350.

That a six foot plank sidewalk be built on the north side of Victoria avenue from 3rd to 4th streets. The cost is placed at \$180.

That a six foot sidewalk be built on Clara street from Queens avenue to McDougall street. The cost is placed at \$145.

That a six foot walk be built on Jasper avenue from Kinslino to boundary avenues.

The report was adopted and the walks will be constructed. Ald. Picard and Boyle moved that tenders be called for the supply of the plank required. Carried.

MISCELLANEOUS

The solicitor wrote in reply to the council claiming that the Canada Foundry Co., were obliged to deliver material in Edmonton as per contract and that the city was justified in withholding the amount of the E.N. & P. freight charges.

The city electrician reported that the probable amount of electric power which would be utilized at once by patrons would equal 62 horse power and enclosed a list of prospective users.

Ald. Clark moved that this power be supplied as soon as the waste from street lights can be eliminated. Carried.

Ald. Bellamy complained of garbage being washed down the hill and lodged in a declivity near his residence. The matter was referred to the commissioners.

Ald. Griesbach said that the public were still coming of the unsanitary condition of many city lanes. Referred to the commissioners.

The mayor asked for the opinion of the aldermen as to the street naming and house numbering. The commissioners were asked to report on the matter.

The accounts were passed and the meeting adjourned.

Sunlight Soap

represents care, skill and scientific accuracy in its manufacture. That is why it does your washing without shrinking woollens, fraying linens or injuring your hands. Equally good with hard or soft water. No scrubbing, no boiling, more cleansing, less toiling.

Try Sunlight

LAWN GRASS

When you go to the expense of getting ground ready for a lawn, it is poor policy to be careless about the selection of the seed.

The seed suitable for Ontario and the Eastern Provinces will not do in the North-West as the tender roots are killed during the severe winter.

After years of experimenting, a satisfactory mixture, consisting of seed of entirely native variety, has been found.

USE B. & K. LAWN GRASS

and if the directions are properly followed you will not be disappointed.

Among the successful users of B. & K. LAWN GRASS we can mention:—

J. H. Picard, Alderman, Edmonton. J. A. McDougall, Merchant, Edmonton.
Alex. Taylor, Post Master, " A. W. Ormsby, City Electrician, "
S. Larue, Merchant, " Mayor Davis, Strathcona, "

The Strathcona Tennis Club, Strathcona. And many others.

WRITE FOR CIRCULARS

POUND BY-LAW

OUTLINED BY COMMITTEE.

Three pounds to be established.—
Found limits defined.—Fees specified

The bylaw committee of the city council brought in their report last evening re the proposed pound by-law. Following is the purport of the different clauses in the report:

1. No stock to be allowed to run at large within the limits of the city following, viz: Commencing at the junction of Boundary avenue and the Saskatchewan river, thence north to Fourteenth street, thence west along Fourteenth street to Namoo avenue. Thence south on Namoo to the southerly limit of block fifteen R. L. 10, thence west along the street being to the southerly boundary of Block 15 and 16 in R. L. 10 to Queen's avenue to Hemmick street, thence west along Hemmick street, thence south along First street to Mackenzie avenue, thence west along Mackenzie avenue to Sixteenth street, thence south along Sixteenth street to the Saskatchewan river, thence easterly along the Saskatchewan river to Boundary avenue, the place of beginning.

2. To be three pounds and three pound keepers, to be located by resolution of the council.

3. Fees for pound keepers for receiving stallions, bulls, boars and rams, \$2 each; sows, horses and sheep, \$1; geese, turkeys, 10c, each; hens and ducks, 5c, each.

4. Charges for feed to be 35c per day for stock, and 5c a day for poultry, amount and quality of food to be specified.

5. Pound-keepers, city police and other persons duly authorized by the mayor for the purpose, to be at liberty to impound animals anywhere found running at large within the limits.

6. Damage to the amount of \$25 may be charged against stock, causing the same.

7. Provides for the advertisement and sale of stock.

8. Bylaw to include provisions for impounding of dogs along the lines of present dog bylaws.

The presentation of this report led the council into a free and easy discussion of the whole pound problem.

Ald. Clark wanted to know whether the committee had found parties who were prepared to keep the pound at the prescribed fees. Ald. Boyle as chairman of the by-law committee was father of the new bill and had to answer for its imperfections. He said the committee had not sought keepers for the proposed institutions but had made the fee 10c per day higher than the Winnipeg fee and this should meet the case.

The mayor was of the opinion that fines should be provided for and considered this one of the hardest by-laws to frame and enforce. Ald. Boyle was not in favor of enforcing by-laws by fines unless necessary as hardship might be worked unintentionally thereby. He thought it would be necessary to engage a man to impound cattle when necessary. Under ordinary circumstances the police could do the work.

A letter from Mr. Brenton, on the subject was read. He suggested that owners of cows be licensed, charged a nominal fee and provided with registered tags and that the cows be allowed to feed on the streets and vacant lots. He argued that the herd arrangement was practically prohibitive on account of expense and was severe on milking cows, owing to the distance to pasture. There was a difference between an annual running at large and one whose owner escorted her to the outskirts of the city each morning and exercised care that she did not do damage or become a nuisance to the citizens. Mr. Brenton addressed the council along the same lines. He traced the varied history of the pound for some years. A valuable cow of his had been injured by lack of care while in pound. To discriminate against the masses was unconstitutional, and to make a by-law which the people would seek to violate was unjust. The new by-law, he thought would be a hardship on many residents. He had made some suggestions in his letter for regulations to meet the case and was prepared to make others.

The discussion then drifted to the question of bells and the lack of a prohibitive clause in the draft by-law.

Ald. Bellamy held that a bell was necessary to locate a cow among the bluffs north of the pound limits. Ald. Clark thought the bell should be put on in the morning and taken off at night.

Ald. Picard thought the wearing of a bell was only for style. Ald. Griesbach knew several gentlemen in the west end of the city who have bells commanded from troublesome bovines in the long-still watches of the night. One party had seven ornamenting his mantelpiece and pointed with pride to these trophies of many a nocturnal chase.

A clause was added to the report that no cow be allowed to wear a bell within the pound limits and the report adopted.

WANTED.

GOOD AGENTS FOR THE
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

LET ALL CANADA CELEBRATE.

Commenting on the invitation extended by the citizens of Regina to Earl and Countess Grey and Sir Wilfrid Laurier to visit Regina on the first of July next when the new provinces will come into being, the Montreal Star says:

Already the people of Regina are endeavoring to get the Governor-General and the Premier to attend the ceremonies which on that day are to accompany the birthday of the new western provinces on Dominion Day. Undoubtedly the people of Edmonton will be as active, and the West will welcome their accession to a new dignity with true Western enthusiasm.

This however, will be more than a Western event. Canada is to add two new provinces to her roll on that occasion, and the whole nation will present a more impressive front to the watchful world in consequence. Nothing better in the way of immigration advertising could possibly be done than to make the biggest possible fuss over this convenient evidence that the West is growing. We have been talking for years of the wonderful country we have up there, and we have more lately been boasting that people are beginning to find it out and that thousands of the best class of settlers are flowing into it. But here we have final proof of it all. The population is now so great that we are compelled to erect two new provincial Governments on the prairies. There should be more than a Western celebration of this great event. Eastern Canada too, ought to mark the Dominion Day of 1905 in some special manner. It is a greater thing this year than the commemoration of the founding of Confederation; it is also the occasion upon which Confederation takes another vast sweep forward by extending provincial institutions to a territory which may be the home of an empire. We have had no such striking achievement since that first Dominion Day in 1867. The bringing in of British Columbia was the addition of a splendid young brother to the family; but it was by no means so striking an achievement as the building of the two British Columbias between the Manitoba frontier and the Rocky Mountains.

All Canada should prepare to take off their hats and cheer with a vim that will be heard around the world.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miner's certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years not exceeding five, upon payment in advance of \$7.50 per annum for an individual and from \$50 to \$100 per annum for a company, according to capital.

A free miner having discovered mineral in place, may locate a claim 1,500 ft by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein. The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof, when \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer mining, Manitoba and the N. W. T.—Excepting the Yukon Territory, placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter including bar diggings but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where stream power is used claims 200 feet wide may be obtained.

Dredging in the Rivers of Manitoba and the N. W. T.—Excepting the Yukon Territory, a free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark and subject to the rights of all persons who have or may receive entries for bar diggings on bar claims, except in the Saskatchewan river where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles but where a person or company has obtained more than one lease, one

dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years and also renewable.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date from the lease and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer mining in the Yukon Territory.—Creek, gulch, river, and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The person or company taking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the part ordinary claims only.

Entry fee \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory, to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miner's may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year, if not, the claim shall be deemed abandoned and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory.—Location suitable for Hydraulic mining, having a frontage of from one to five miles and a depth of one mile or more may be leased for twenty years provided the ground has been prospected by the applicant or his agent, is found to be unsuitable for placer mining and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre subject to royalty at such rate as may be specified by order-in-council.

Department of Interior, Ottawa, September, 1903.

JAMES A. SMART
Deputy Minister of the Interior,
20 12 05

Record for 1904

Shows

Lower Expense Rate than any other Canadian Life Company.

Over Five Millions New Business nearly all written in Canada.

Funds invested in gilt-edge home securities, such as mortgages on farm and city properties, bonds, municipal and school debentures.

Good Home Business and lots of it, with sound investments—these things mean more profits to Canadian policy holders.

Head Office: Waterloo, Canada.
C. ROSS PALMER, Agent.

FIRE PLACES, TILE HEARTHES AND DAIRY SUPPLIES

Our Prices are Always Good Value

Revillon Brothers, Limited.

LOCAL

—A freight came in on Saturday night with two filled passenger coaches attached.

—The brickwork is going ahead rapidly on the new McDougall & Second block, the window frames of the third storey being set in place yesterday.

—The Gallagher Hull Co. are in receipt of a letter from the B. Wilson Company, Limited, acknowledging receipt of a shipment of hams and testifying to their quality and condition.

—A McEay is hauling lumber out to his property near Rat Creek where he will erect coal sheds during the summer in readiness for going into the coal business in the city again next winter. The product of his mine at the Sturgeon at present is being hauled to Fort Saskatchewan.

—MacLeod Gazette: Judge Scott, who was taken seriously ill while on the circuit last week, is said to be rapidly improving, and it is hoped that he will soon be able to be around again. His many friends who have been awaiting the outcome will be much pleased to hear of his great improvement.

—"Glorious summer weather" is about the most fitting phrase to apply to the April weather being provided for Alberta. The temperature ranges daily to about fifty degrees during the day and seldom drops below twenty at night. The air feels heavy as in mid-summer, while the haze which bathes the landscape in a delicate grey reminds one of the Indian summer of the east.

—The Moose Mountain Star puts it this way: It is astonishing how many people appear to think that it is the business of a newspaper to jump in and lambast everything in sight at the request of any modest individual who has not nerve to move a hen off her nest. If any honest man has occasion to take a brother citizen over the coals on account of a personal or public grievance, he can send in a letter over his own name and if it is not libel, we shall let him see how it looks in print.

—Saunders and Driscoll have got out a very convenient blue print map of Edmonton, Strathcona and vicinity showing location of Park Lake, Elm Park, Fairview, Norwood, Borwood, Belmont Park, Norris Estate, Groat Estate and the various other outlying districts which have been subdivided or are likely to be subdivided at an early date and put on the market as residence property. The map is of a convenient size and shows a district 8 miles by 10 with Edmonton and Strathcona in the centre. The maps should be very useful to owners and agents for suburban property.

—The annual general meeting of the cricket club will be held tomorrow, Thursday, at 3.15 p.m. sharp, in St. Geo. Jelliff's office, over the post office. All who are interested are cordially invited.

—The ratepayers of Prince Albert voted last week as to whether the council should raise the sum of \$150,500 and proceed with the installation of water and sewer system. Following were the results:—Water works, for 123, against 8; Sewerage, for 122, against 5; Sidewalks, for 102, against 29.

—The bible class of McDougall church held a social evening in the lecture room of the church last evening. From fifty to sixty were present and spent a most enjoyable time. The room was very prettily decorated. The evening was spent in games, and lunch was served at the close. Dr. Smith is in charge of the class and the attendance and interest are very satisfactory.

—Major Wood of the Royal North West Mounted Police at Dawson City has received word from the police expedition which set out from Fort Macpherson for the Yukon some three months ago. They were all enjoying the trip and making good time, the members of the expedition being in good health. Only one accident had been reported. An Indian had fallen, dislocating his hip, and had been unable to proceed with the party. Another Indian was secured and the victim of the accident returned to his people in the Peel River country. It is expected that the party will reach Dawson about April 1.

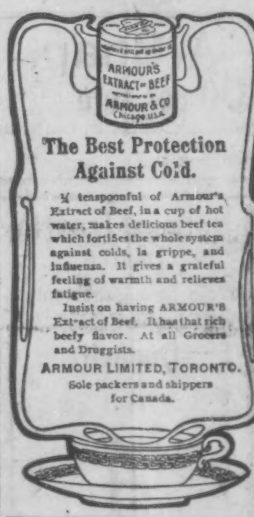

Electric Lights for Lacombe.

Advertiser: On the question of the desirability of electric lights there is not room for a difference of opinion.

Lacombe now has an opportunity to get electric lights on what appear to be very favorable terms.

A company composed of Lacombe men are making a proposition to put in an electric light plant. Their proposition is certainly the best that has been made. They offer to put in a plant without a bonus or other financial guarantee of any kind from the town.

As we understand their proposition the only thing asked from the town is a short term protective franchise. This is surely a very reasonable demand considering the large expense of installing an electric plant. In return for this franchise the company on their part agree to give the town the privilege of purchasing the plant outright, at valuation, at any time the town may become dissatisfied with the company's conduct of the plant.

The Best Protection Against Cold.

A teaspoonful of Armour's Extract of Beef, in a cup of hot water, makes delicious beef tea which fortifies the whole system against colds, grippe, and influenza. It gives a grateful feeling of warmth and relieves fatigue.

Insist on having ARMOUR'S Extract of Beef. It has that rich beefy flavor. At all Grocers and Druggists.

ARMOUR LIMITED, TORONTO.

Conveniences:—(Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.
Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, F. T. Fisher.
Educational Institutions:—Public and separate schools, high school, Alberta College.
CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.
TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—Train on time.
 —Harold Nelson appears in the rink on the 17th and 18th inst.
 —Two drunks were taxed the usual fine in police court this morning.
 —The Jolly Pull Co. appear in Robertson hall this evening, and each evening during the remainder of the week.
 —Professor Riddell lectures on "A Consecrated Cabbler" in McLaughlin church tomorrow evening. A musical program will be provided.
 —The Windsor and Edmonton Hotels each received fine new busses today through Kelly & Beals. They are from the Moline Manufacturing Co. of Winnipeg.
 —There was a good turn out at the lacrosse practice last evening. An organization meeting will be held on Thursday evening in the Heimick block.
 —The fire brigade was called out at an early hour this morning to extinguish a blaze on Third street north of Jasper avenue. The fire was found to be in the residence of Mr. Hill and was got under control before much damage had been done.

PERSONAL

Mrs. G. Coley of Fort Saskatchewan is at the Windsor.
 E. Logan of Beaver Lake is in the city.
 D. Collinet and Mrs. Collinet of Siskim Lake are at the Windsor.
 J. Scott came in last night from Scottville, Mich., and will probably remain in the district. He drove down to Fort Saskatchewan today.
 Constable Tidbury returned from a visit to Manitoba on Monday. The weather in the prairie province was far behind the sample being furnished the Territories. On Wednesday night of last week a heavy snow storm occurred. Porage in Prairie appeared to be the centre of the storm, eight inches of snow falling there during the night.
 J. Hoffmann came in this week from Chicago and will probably remain in the city. He says that the papers of Chicago contain articles almost entirely on Western Canada. The ~~transmission~~ which he came comprised ~~seventeen~~ ^{seventeen} coaches, twelve of which came through to Strathcona.
